DATA MODELS: DATA-STRUCTURE-SET VERSUS RELATIONAL

Randall Rustin

Foreword

Ben Shneiderman

Photographs

Charles W. Bachman

The Data-Structure-Set Model.....1

E. F. Codd & C. J. Date

Interactive Support For Non-Programmers:

The Relational and Network Approaches.....11

Edgar H. Sibley

On the Equivalences of Data Based Systems.....43

D. Tsichritzis

Comments on Advantages of the

Relational View.....77

C. J. Date & E. F. Codd

The Relational and Network Approaches:

Comparison of the Application

Programming Interfaces.....83

J. R. Lucking

Comments on Advantages of the Data-

Structure-Set-Model.....115

Panel and Audience

Discussion.....121
